## NAME SPEAKERS FOR FRUITMEN'S FIELD DAY EVENT

Dr. Frank Cullinan, assistant chief, bureau of plant industry, United States Department of Agriculture, Washington, D. C., and Sheldon Funk, Boyertown, will be the speakers at the annual Field Day of the Adams County Fruit Growers association to be held July 30 at Arendtsville's Union park.

That announcement was made Tuesday evening at a meeting of the committee in charge held at the park. Harold Steiner, general chairman of the committee, said that Cullinan is recognized as one of the best horticulturists in the United States and for many years has been a leading figure in the breeding of better peach varieties.

Funk, Steiner said, is a past president of the Pennsylvania State Horticultural association and is one of the largest fruit growers in the state.

### To Be Many Exhibits

More than 50 commercial exhibitors are expected to be on hand for the event to display their wares, members of the committee reported. Twenty-five exhibitors have already arranged for display space at the fair grounds for the day and an equal number of others are believed planning to attend according to reports.

Pointing out that the Field Day will provide fruit growers with an exceptional opportunity to compare the equipment and materials offered by various dealers, Steiner added that the day would also provide the dealers with an opportunity to display their equipment, spray materials and the like.

The deadline by which exhibitors must make reservations for space was set by the committee as July 23. The committee will meet again on July 24 to arrange the display places and complete other plans for the annual event.

### Offer Prizes

The program will begin at 9 o'clock in the morning according to the program set up Tuesday night.

From 9 until 10:30 o'clock a large number of fruits will be on display in a container. Those arriving before that time will have an opportunity to guess the number of fruits and a first prize of \$10 and a second of \$5 will be awarded to the winners.

At 11 o'clock a \$5 prize will be awarded to the largest family present and a \$5 prize will go to the person traveling the greatest distance to attend.

### Speeches In Morning

The talks by Doctor Cullinan and Mr. Funk will be presented immediately after the prizes are awarded.

At 12 noon the lunch hour will be observed with those bringing lunches having the privilege of using the park grounds for their picnics. For those who do not plan to carry lunches the Adams County Girl Scouts, Senior Extension club and Boy Scouts will be on hand with food for sale. J. Willis Beidler is making arrangements for the organization to provide the lunches.

At 1:30 o'clock demonstrations will be presented of the various equipment.

More than 3,000 are expected to attend the affair, with invitations being sent to every county in the state and to Maryland, West Virginia, Virginia and other growers.

Exhibitors who plan to display their equipment at the field day were asked to notify either General Chairman Steiner or any member of the exhibits committee which includes William M. Lott, Ralph Tyson, Glenn Slaybaugh and Oliver J. Heacock.

## Red Rock 4-H Club Conducts Meeting

Members of the Red Rock 4-H club met Thursday evening at the home of Teresa Redding, Gettysburg R. 2. Those present included Miss Mildred Tomblin, Adams county 4-H leader, and Miss Phyllis Reaver, local leader.

During the business meeting it was decided to hold the next meeting at the home of Thelma and Rose Marie Redding, Thursday at 8 a. m. An outdoor breakfast menu was planned to be served at that time.

Following the business meeting an outdoor supper was prepared and served.

### CAR RECOVERED

A Studebaker coupe owned by John F. Oaster, New Oxford R. D. 1, was found Monday afternoon parked on East Chestnut street between Carlisle and Railroad streets in Hanover, about a block from the point on Carlisle street from which Oaster reported to police the car was stolen Sunday.

### HORSEBACK ACROSS U.S.

Roy Vincent, 35, of Tulsa, Okla., said to be a trick roper, passed through Gettysburg Tuesday afternoon astride his horse Silver. Vincent said he is riding from New York to California. Last year he said he rode Silver from Montana to New York.

## Heavy Storm Strikes Fairfield Community

A heavy thunderstorm this morning in the Fairfield section caused some difficulties with telephone communications and electric wires in that section.

One bolt of lightning apparently struck in or near the Fairfield telephone office, knocking out a transformer, but a hand generator was called into service and the office operated, although with difficulty, until the damage was repaired.

A number of telephone lines were put out of service and the Adams Electric Cooperative reported that a number of members in the Mt. Hope area were without service for a while when lightning struck one of the lines.

## CUMBERLAND PATRONS TO VOTE JULY 23

Cumberland township's residents will be asked to decide next Wednesday evening whether the grades should be divided among the five township schools or whether the schools should be continued with grades one through eight in each.

Members of the board, meeting Tuesday evening at the home of Secretary Emory Fox decided that "since there are patrons both for and against the idea of 'grading' we believe the democratic way to decide is to have a public meeting at which the matter can be discussed and the patrons can vote. The board will then follow the decision of the majority of those voting."

Dr. Robert A. Bream, assistant county superintendent of schools, will be asked to present details of the financial cost of both "graded" and the present "non-graded" system and to explain to patrons the advantages and disadvantages of each.

**May Consider Gettysburg Plan**  
The meeting will be held at the Barlow Community Hall at 8:30 o'clock next Wednesday evening, members of the board said in urging that every patron of the schools turn out for the session.

The patrons may also take up the question of sending all of the Cumberland township children to Gettysburg for their schooling, when they meet Wednesday. It was learned today.

A suggestion was made by patrons Tuesday evening that the township take advantage of the new state reimbursement regulations and send the school children to Gettysburg. For most of the youngsters the trip to Gettysburg would involve a trip of a few miles at most and the township could possibly send the youngsters to Gettysburg at less expense.

## Murder And Suicide On Capital Street

Harrisburg, July 16 (AP)—Ernest G. Phields, Jr., 35, shot and killed his wife on a street corner here early today and then fatally wounded himself with the same gun, Police Chief Oscar L. Blough said.

Phields, who died an hour and a half after the double shooting, was identified by Harrisburg hospital attendants as a negro who resided at Philadelphia.

Blough said the man apparently waited for his wife, Mrs. Miriam Elizabeth Phields, 30, from whom he was separated, in his automobile near her home and then opened fire without warning. She dropped with a bullet in her neck and two others, fired in succession, lodged in her right and left forearms.

A fourth shot went wild and a fifth entered Phields' own head.

### Birth Announcements

Mr. and Mrs. Herman Dixon, Jr., Bendersville, announce the birth of a daughter at the Warner hospital Tuesday evening.

Mr. and Mrs. John Wolfe, of Baltimore, announce the birth of a daughter, Marie Elizabeth, on Sunday evening at the Baltimore General hospital. Mrs. Wolfe was formerly Miss Ruth Crabill, daughter of Mr. and Mrs. Gilbert Crabill, Harrisburg road.

Mr. and Mrs. Carrol Bankert, New Oxford, are the parents of a son born at the Hanover hospital Tuesday.

A daughter was born Tuesday to Mr. and Mrs. Robert H. Billman, New Oxford, at the Hanover hospital.

### TWO DRIVERS FINED

Lavere M. Starnier, East Berlin R. 2, has paid a fine of \$10 and costs to David Haykes, New Oxford R. 1, on a charge of making an improper left turn laid by state police. Donald McCrea, Carlisle R. 1, paid a fine of \$5 and costs to Justice Harry C. Brinton, Hanover R. D., on a charge of failure to stop at a stop sign laid by state police.

## Here's How Charles W. Myers Broke Both Arms 72 Years Ago

Charles W. Myers, Chambersburg street, oldest employe of the Western Maryland Railroad company and one of Gettysburg's senior citizens, came close to death when he was nine years old.

The Myers family, at that time, resided in the house now owned by Dr. Henry Stewart, Baltimore street, and later used for many years by Doctor Stewart as his home and office. The Bigham family lived next door and the Bigham and Myers youngsters, along with the other children of the neighborhood, enjoyed themselves as only children can in planning what parents sometimes term "what new devilment will they think of next?"

### Make Rope Slide

The youngsters decided to rig up a rope slide and swing that would take them from the top of the Myers house to an open window in the Bigham house next door.

The rope was tied to a window catch in a window near the roof of the Myers home. The youngsters swung and slid across space, over the fence and into a window on the ground floor of the Bigham house.

As Mr. Myers recalls it today, Mervin Bigham swung first, and made it into the Bigham window. Mr. Myers went second. However, Bigham's weight apparently loosened the rope and Mr. Myers tumbled about 12 feet when the rope snapped loose from its moorings in the Myers window.

When he regained his breath and recuperated from shock he found he had broken both arms. Dr. J. W. C. O'Neal set the arms and in all the years since they have caused no trouble.

### "Escaped" School

There was only one fortunate thing about the affair, Mr. Myers recalls. The fall occurred on September 30, 1875, and for some time later Mr. Myers had a perfect excuse for not going to school.

To commemorate the occasion Mr. Myers' parents had his picture taken with both arms in slings. The yellowing photograph is still in Mr. Myers' possession. It was taken by W. H. "Boss" Tipton, in Tipton's studio at 5 York street. Inscribed on the back of the picture is the Tipton coat of arms and the notice that the negatives are saved for 10 years and copies will be printed at any time during that period.

## D. GREENAWALT RITES FRIDAY

Funeral services for David Rush Greenawalt, 60, Gettysburg R. 5, who died at the Warner hospital Tuesday afternoon at 1 o'clock from a complication of diseases following an illness of three months, will be held Friday afternoon at 2 o'clock from the Teeter funeral home, Greencastle, conducted by the Rev. H. B. Burkholder. Interment in the St. Thomas cemetery.

Mr. Greenawalt was born and reared in Lemasters, a son of the late D. W. and Charlotte (Coble) Greenawalt. He resided in Greencastle 29 years, moving to Adams county two years ago. He was a member of the Evangelical Lutheran church, Greencastle.

Surviving are his widow, the former Carrie E. Brindle; three children, Mrs. Ruth Phell, Baltimore; Dan W., Gettysburg R. 5, and Mrs. Doris Pensinger, Marion; three grandchildren; nine brothers and sisters, Edward, of California; Noble, Greencastle; George, Rosemede, Calif.; Fred, Long Beach, Calif.; Dan, Canada; Paul, Pawpaw, Ill.; Martin, Cambridge, Ill.; Mrs. Mary Myers, Chambersburg R. D., and Miss Martha Greenawalt, Philadelphia.

Friends may call at the funeral home Thursday evening from 7 to 9 o'clock.

## Justice Marries Couple On Tuesday

A native of the Philippine Islands now serving in the United States Navy, Silvestre Brazal, 40, and Mrs. Helen Louise Lazaro, 37, of Washington, D. C., were married Tuesday afternoon by Justice of the Peace Robert P. Snyder, after obtaining their license at the office of the clerk of courts here.

Brazal was born in the Philippines, according to his application, and his father resides there. His mother is dead. He joined the U. S. Navy, and is stationed in San Francisco.

Mrs. Lazaro, who had been previously married, is of Irish parentage, and is the daughter of Mr. and Mrs. Dennis McGonagle. She is a clerk in Washington. The license was issued July 10.

### WOMEN TO MEET

There will be a meeting of the ladies of the Fairfield Community Fire Company Auxiliary Thursday evening at 8 o'clock in the fire hall, it was announced today.

The above photograph shows Charles W. Myers when he carried two broken arms in slings after falling from an improvised rope slide 72 years ago.

**CRAB FEED FRIDAY**  
A hard shell crab feed will be given for members by the Albert J. Lentz Post, No. 202, the American Legion, Friday evening beginning at 6 o'clock. It will be held in Benner's woods, Taneytown road.

**INCREASE OF MISHAPS HERE**  
The automobile accident rate in Gettysburg is showing an alarming increase, according to Chief of Police Robert C. Harpster. In the first 15 days of the current month, there have been seven accidents within the borough limits, he said.

The estimated damage to automobiles involved in these accidents would equal the purchase price of a new automobile, the chief said. The total is \$1,485 in damage to the cars alone, exclusive of loss of use of the cars put out of service for varying lengths of time while repairs are made.

In one accident, the chief said, damage to two automobiles was estimated at \$620, and in another, the estimated damage was \$600. Smallest loss was \$1.

In the seven accidents, four arrests were made, according to Harpster.

In the previous month of June, there were only nine accidents in the borough, and the estimated damage was only \$333. Seventeen arrests were made for motor code violations, according to Harpster's monthly report to the borough council.

## Hershey Gets Order For Firemen's Outfits

Members of the executive and the uniform committees of the Gettysburg Fire company met at the engine house at 7 o'clock Tuesday night to consider bids for new uniforms for members of the company not having them, and placed their order with the Hershey Tailor shop, Gettysburg. Eighteen members were measured for the new uniforms.

All other members who desire new uniforms were requested today to meet at the engine house next Tuesday night at 8 o'clock to be measured. James S. Shenk, chairman of the uniform committee, warned today that this will be the last opportunity for those who do not have uniforms.

Delivery of the uniforms is promised not later than August 25, Mr. Shenk said, in time for the county convention at Littlestown.

## C. C. CULP AGAIN CHAIRMAN FOR WELFARE UNIT

C. C. Culp of Gettysburg was re-elected chairman of the advisory council of the Adams County Child Welfare Services at the group's annual picnic meeting Tuesday evening at the home of the Rev. A. W. Geigley, Fairfield.

The Rev. Mr. Geigley was re-elected as vice chairman of the council. Mrs. Henry T. Bream was named secretary for another term and Lewis Bosserman was selected to serve another year as treasurer.

The group re-elected three members for three-year terms. They are Mrs. David Blocher and Mrs. Bream of Gettysburg and Mrs. Wilbur Miller, New Oxford. The Rev. George W. Harrison, Bendersville, was elected as a new member for a term of three years. These elections are subject to confirmation by the Adams county commissioners. These officials were expected to act on the four names at their weekly meeting today.

### 90 Children Under Care

During the meeting Mrs. Elizabeth Grieb reviewed her work here during the last month as she handled a backlog of matters that had accumulated during the period the service was without a full-time executive secretary. She said no children were added in June but that a few applications were received from prospective foster homes.

Mrs. Grieb also described the new coordinated adoption service unit, which the child welfare service unit throughout the state can now receive applications for adoption from parents wishing to give a child for adoption as well as from couples seeking children to adopt.

Mr. Culp announced the donation of a baby carriage which was placed for use in a home caring for six welfare children. The county unit now has approximately 90 children under its care.

Members of the council and their families gathered at the Geigley home at 6:30 o'clock Tuesday evening for the picnic session.

## S. E. FIREMEN MEET IN YORK

The quarterly meeting of the Firemen's Association of Southeastern Pennsylvania will be held in the engine house of the Royal Fire company, York, on Thursday evening at 8 o'clock. President Max M. Reider, of Steelton, will be in charge of the business session and Lee P. Reary, recording secretary, heads the committee on entertainment.

Officers and committee chairmen will submit reports and Marvin A. Rahe, York, chairman of the credentials committee, will present a class of candidates.

Members, delegates and guests will attend from the seven county units of Adams, Cumberland, Dauphin, Franklin, Lancaster, Lebanon and York.

Following the address of welcome by the mayor of York, other speakers will be heard from the Pennsylvania State Firemen's association, including John H. Zimmerman, of Lebanon, state president.

The 26th annual convention of the association will be held in Adams county, Thursday, October 16, with afternoon and evening sessions.

## POSTS \$500 BAIL FOR NEXT COURT

Nelson Shultz, Cashtown, was held for the next term of court by Justice of the Peace John H. Basehore Tuesday night, after signing a plea of guilty to a charge of resisting arrest. He posted \$500 bail.

He also pleaded guilty to a disorderly conduct charge, and was fined \$10 and costs, and given until Saturday to pay.

Both charges were laid by borough police when Shultz was arrested in Center Square at 1:15 o'clock Sunday morning. Shultz was charged with being noisy and creating a disturbance, and when police sought to arrest him, with resisting and attempting to elude the officers by running away.

**SEARCH IN VAIN**  
Borough police reported today that they were called to the jail at 2:43 o'clock this morning by Sheriff J. E. Millhimes, when the sheriff reported that two men had come there asking for a place to sleep. One of them, the sheriff said, had a contusion on his head and blood on his shirt. Police were unable to find the men after searching public places and

# U.S. ANNOUNCES ITS VIEWS ON NEW GERMANY

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)  
The United States government has just issued its first official statement of policy governing Germany since the war, and takes the stand that a stable and productive Germany is necessary to make Europe orderly and prosperous.

This historic statement is in the form of a directive to the American occupation force in Germany. It instructs Lieutenant General Clay, American zone commander, to exert every effort to achieve economic unity with other zones, and says highest priority should be given to increased production of coal, food and export goods.

The greatest importance must be attached to this declaration in view of the increasing gravity of the European economic crisis. It is a situation which is going to be worse before it can start to get better. To use the graphic warning of French Premier Ramadier: "The hour has come for Europe to organize or die."

**Pivotal Conference**  
The United States directive takes on particular significance in view of the approaching Anglo-American conference in Washington to discuss methods for increasing the all-important coal production of the Ruhr upon which economic recovery not only of Germany but of Europe depends so heavily. That conference is likely to pivot on a showdown between the two countries over the British Socialist government's insistence on nationalization of the Ruhr coal mines. The United States has opposed this, and the other day proposed that nationalization be deferred for five years. Washington takes the view that nationalization is a question for the German people to decide.

Of course it's easy to understand why a socialist government, which ranks nationalization as one of its cardinal tenets, should want to see it carried out in Germany and elsewhere. It will be surprising, however, if an ideological argument is allowed to stymie an agreement for German recovery. After all, while the British Socialist government believes it is on the right economic road at home, it still has to demonstrate it. We are dealing with a theory and not a demonstrated fact.

## Accuse Farmer Of Killing Wife

Wilmington, Del., July 16 (AP)—A 26-year-old tenant farmer was held without bail for the grand jury on a charge of murdering his 23-year-old wife early today.

Maj. Herbert Barnes of the Delaware state police said the farmer, Berlin Thomas Cain, of Clark's Corner, near Delaware City, admitted the brutal slaying of his wife. Her bruised and battered body was found in a ditch beside a highway 14 miles south of here.

Cain first told police he found his wife's body while walking home from a Delaware City taproom. However, Major Barnes said Cain later signed a statement admitting the slaying.

## 4-H CLUB MEETING

The third meeting of the Iron Springs 4-H club was held Monday evening at the home of Mr. Shoemaker. Five members, two local leaders, and Miss Mildred Tomblor, county home economics extension representative. The next meeting will be held Tuesday, July 22, at 8 p. m. at the Shoemaker home when breakfast will be served. ## STRIKE ENDS IN HAWAII

Honolulu, July 16 (AP)—The strike in Hawaii's \$65,000,000 pineapple industry ended today as abruptly as it began six days ago.

Federal Labor Conciliator Nathan P. Feinsinger announced that the CIO Longshoremen's & Warehousemen's union had called off the strike and that the industry had agreed to reopen contract negotiations immediately.

ILWU Chief Harry Bridges said workers would return to their jobs at noon.

The accord between the union and industry leaders after five turbulent days brought peace once again to the territory and ended the threat that the strike might spread throughout other major industries to cripple seriously the entire economy of the islands.

The agreement to call off the strike and resume negotiations was reached on a basis of recommendations made by Feinsinger.

When negotiations are resumed, the industry will stand on its offer of a 10-cent hourly pay boost and the union will proceed with a demand for a 15-cent increase. Base pay is 80 cents for men and 70 cents for women.

## JUNIOR POLICE WIN

The Gettysburg Junior Police baseball team defeated the Gettysburg News Agency nine 11 to 7 Tuesday evening on Codori field.

The junior police lost a previous game to the news agency squad.

This evening the local junior police will meet the Littlestown junior police on the high school diamond at 6 o'clock.

## DRIVER ROBBED

Philadelphia, July 16 (AP)—Two men held up a gasoline delivery truck driver yesterday in a lonely section near the Zoo in northwest Philadelphia and fled with \$581, police reported. Victim of the robbery was Dominic Doce, 41.

## WIDOW ROBBED

Philadelphia, July 16 (AP)—Mrs. Margaret Carson, 39-year-old widow and mother of five children, was knocked unconscious by a woman "strong-arm" bandit yesterday as she walked up a subway stairway and robbed of \$37, police reported.

## Engagement

## New Development In Siegel Murder

Paris, July 16 (AP)—Monte Carlo dispatches disclosed today that titian-haired Virginia Hill, in whose California home Benjamin (Bugsy) Siegel was slain last June 20, had been hospitalized there briefly a few days ago and the newspaper Parisien Libere said she had been treated for an overdose of sleeping pills.

The Monte Carlo disclosure followed by less than a week reports from the United States that a "pair of assassins" were en route to France to "take care" of Miss Hill because she knew too much about Siegel's affairs.

The American girl, who arrived here several days before Siegel was shot to death, checked out of her Paris hotel on July 3 and had not been heard from until today.

## Cure Sounds Worse Than The Disease

Chicago, July 16 (AP)—In an article in the current journal of the American Veterinary Medical association, authorities recommended a medicine as "preventive of naturally occurring entericopathies of poultry."

They explained "entericopathies" is a disease more commonly known as "blackhead" and "poultitis," they added, are just young turkeys.

The medicine recommended was: "Disobutylphenoxethoxyethylidimethylbenzyl ammonium chloride."

## INCOME FROM NEW PA. TAXES FALLS SHORT

Harrisburg, July 16 (AP)—The commonwealth's new soft drink tax, estimated to raise \$35,000,000 in new funds in two years, brought in only \$363,288 in June—the first month it was effective.

Revenue Secretary David W. Harris, who announced the collections, said the initial report was "just a nominal figure" and was not representative of what the levy will yield.

"We should have a much better check in the next few months," Harris commented.

Was Bitterly Opposed

Soft drink manufacturers and bottlers are required by the new law to purchase tax stamps or crowns in advance and report taxable soft drinks and syrups on hand during the month by the 10th of the month following.

The levy, enacted as part of Gov. James H. Duff's \$140,000,000 tax program, was bitterly opposed by soft drink operators, who insisted it would not yield the \$145,000,000 a month estimated by administration leaders.

It imposed a one cent tax on every 12 ounces of soft drinks or fraction and a half cent an ounce levy on syrups used in the preparation of fountain drinks. The law already is under attack in the courts on the grounds of unconstitutionality.

"Not Full Picture"

Secretary Harris also reported collections from the state's doubled cigarette tax—it was boosted from two to four cents a package of 20—totalled \$2,205,646 in June in comparison with \$1,589,939 collected in June of 1946 when the two-cent levy was still in effect. The revenues from the four-cent levy were estimated to bring in \$3,250,000 monthly.

Revenues from the commonwealth's beer levy, doubled for the next two years to raise an additional \$22,000,000 were \$3,044,524 in June against collections of \$954,695 in the corresponding month of last year.

Harris commented that neither the cigarette nor beer collections "showed the full picture," explaining in connection with the cigarette tax that there were "tremendous payments made during May and June of 1946."

## GOP GOVERNORS CAUTIOUS ON AID

Salt Lake City, July 16 (AP)—Republican governors made it plain today they will await a specific blueprint of the Marshall European rebuilding plan before they commit their party to a full endorsement of economic aid abroad.

Gov. Earl Warren of California told a reporter at the governors' conference that before he offers unqualified endorsement of the proposal of Secretary of State Marshall for American aid to the distressed countries of Europe, he wants to see in black and white the economic justification for such a potentially expensive program.

The California governor said he endorses in principle Marshall's proposal to furnish financial aid to those countries which otherwise might drift rapidly away from the democratic orbit.

But Warren asserted the cabinet member's program must face the test of virtually unanimous agreement by the 16 nations at the Paris conference of their minimum needs, plus the detailed analysis of this country's ability to pay.

The critical point, Warren said, will turn on whether the plan finally is based on the premise that the United States furnishes only the help by which the European nations are able to help themselves reconstruct their war-devastated economy.

## Wants To Check Exports Of Oil

Washington, July 16 (AP)—Senator Capehart (R-Ind) expressed hope today that the export of oil will be halted until the needs of the American people are met.

He said a "growing shortage of petroleum products in this country" now has reached 700,000 barrels a day and "is threatening to skyrocket petroleum prices."

The export-import control bill recently passed by Congress, Capehart continued in a statement, gives President Truman "the right to stop shipments of oil to Russia during the critical shortage" in the United States. He added:

"I have been informed that the State department has issued its last license for oil exports. I hope it is the last until such time as the American people can be assured of sufficient oil to keep them warm and sufficient gasoline to meet the needs."

old Charles Mulholland, whose striped and battered body was found in a barn last night, a necktie wrapped two and a half times around his neck.

Following an autopsy county attorney Fred Wagener said "Charles died of strangulation and was criminally attacked."

Meadville, Pa., July 16 (AP)—The Crawford county election board has disqualified five of 14 petitions for local option elections on liquor sales. Petitions from the townships of Oil Creek, Hayfield and Vernon were thrown out because of insufficient signatures. South Shenango and West Shenango township petitions were disqualified by improper markings.

## CUMBERLAND

(Continued from Page 1)

than is involved in utilizing the present township schools, one patron said.

Not Possible This Year

In the discussion Tuesday it was pointed out that such a general transfer of pupils to Gettysburg could not be carried out by September.

It might be possible, school board members said, to make such a transfer a year from now if arrangements could be worked out with the Gettysburg board.

At present some Cumberland township students, along the Fairfield road section, are sent by the township to Gettysburg schools. The Cumberland board said it plans to continue that assignment of students again this year.

Under the new act of Legislature, school boards this year for the first time will be paid reimbursement for elementary students sent to larger centers just as reimbursement has been made for years to districts sending junior and senior high school students to another district.

Receive Petition

At present the state pays about 90 per cent of the cost of educating Cumberland township students. If the township decided to send its youngsters to Gettysburg the state would pay about that amount of the tuition and transportation costs, a spokesman said.

Six patrons were present at Tuesday evening's special meeting of the board. Four were for "grading" of the schools and two were opposed. In addition an informal petition signed by ten patrons opposed to grading was presented.

H. D. Waybright, Gettysburg R. 1, who was elected president of the board July 1, presided at the session.

## NEW PLAN ON JAPS' TREATY

Washington, July 16 (AP)—The United States has proposed an 11-nation conference to begin work on a Japanese peace treaty here Aug. 19 in a move based on complete abandonment of the big power treaty dictation which has been used for Germany and Austria.

American officials, disclosing this today, said they are uncertain whether Russia will accept the proposal, which would have the effect of eliminating a big four or big five veto control over every provision going into the treaty.

The proposal which went out only a few days ago and to which no replies have been received yet would not only take treaty-making out of the hands of four nations and turn it over to 11, but it also would establish a two-thirds voting system among the 11 so that even there no veto would be permitted.

U.S. Ambassador Walter Bedell Smith, on confidential instructions from Secretary of State Marshall, has discussed the new treaty-making plans with Foreign Minister Molotov and Molotov is understood to have indicated dislike of those provisions which would end exclusive domination of the great powers in this field.

However, Molotov agreed to take the matter under consideration and no Russian objection or counter-proposal has been received.

The American Legion provided a surprise in the Community Softball league Tuesday evening by handing the Knox's Store outfit a 16-9 lacing in the opening game on the high school field.

Seven runs in the top half of the sixth inning gave the Legionnaires the decision after the score had been deadlocked at 9-9.

The Acme strengthened its grip on third place by crushing Evans' Store 15-2 in the nightcap at high school.

After a six-run outburst in the second frame, the Acme breezed through to an easy conquest. Evans' Store tallied its pair of runs in the final inning.

The Highway copped its 19th straight by upsetting the Elks in the opener on the college field 6-1.

In the opening inning the road-makers tabbed four runs, a pair coming on George Fair's homerun with one on. The Elks lone run came in the fifth when Kuhn got on base on a fielder's choice and scored on Tate's triple. Berger and Herr formed the battery for the Highway.

A homerun by Bud Knox with two on in the third inning featured the 4-0 victory scored by the Moose over the Texas Lunch outfit in the second tilt on the college field.

Fissel poled a homerun for the lunch-men with none on in the sixth inning.

## Olympic Entrants May Live In Tents

Philadelphia, July 16 (AP)—If athletes have to live in tents during the 1948 Olympics in England they may not be able to perform at their best, says Lawson Robertson, former Olympic track coach.

Robertson, recently retired University of Pennsylvania track mentor, predicted yesterday however, that Americans would do well in the games.

## COLTS SIGN SIX MORE GRIDDERS

Baltimore, July 16—The Baltimore Colts professional football team has added six new prospects during the past seven days. With less than two weeks before the opening of the training camp in Hershey, the Baltimore club has 57 men in line.

Three tackles, two centers and an end are the latest additions to the Colts' roster.

The tackles are Mitchell Olenki from Alabama and last year's Miami Seahawks' team; Jim Landrigan of Holy Cross and Pat O'Brien of Purdue and the professional Akron Bears. All top the six-foot mark, and all weigh well over 200 pounds.

Landrigan, a towering six foot four inches, tips the beam at 240 pounds, while Olenki is the smallest of the group, "only" scaling 225. Olenki was a regular last year with the Hawks, and O'Brien anchored the Bears' line which won the Western Division championship in the American Association.

Bob Bjorklund and Jack Sachse are the two pivots who signed a Colt pact. Bjorklund was captain of the Minnesota team which won the mythical national collegiate title in 1942. He later saw action with the Philadelphia Eagles in the National League. Sachse, who played with Texas university for four years, won All-American recognition in his senior year. In 1945 he turned pro and

 Bendersville at Orrtanna.

Bendersville missed a chance to clinch the first half title in the Adams County Baseball league when it was held to a 4-4 tie by Littlestown Tuesday evening at Littlestown, the game being called at the end of the eighth inning due to darkness.

On Thursday evening Bendersville plays at Orrtanna and can clinch the title with a victory. A triumph for Orrtanna will give four teams a chance at tying for first place. In the event Bendersville wins, the Bendersville-Littlestown tie will not be played off.

Bendersville held a 4-2 lead in Tuesday's tilt going into the last half of the seventh inning but Littlestown rallied for two runs to knot the count and thereby brought about the extra inning. Lawver and McCauslin formed the battery for Bendersville. Schwartz started on the hill for Littlestown.

Arendtsville retained its mathematical chance for a first place tie by smothering Fairfield 13-1 at Arendtsville.

Pacing the 18-hit attack for the Apple Pickers were Russ Kane with four hits, including a triple and double, and R. Baltz with three singles. Herman poled a homerun and double for the winners.

## LOUIS CANCELS TITLE DEFENSE; NO CONTENDERS

### By BOB GRUBB

New York, July 16 (AP)—Joe Louis, faced with a shortage of manpower in his own profession, seems destined to grow old gracefully by swinging a golf club.

The 33-year-old champion, who hasn't had a serious workout in the last six years of his decade on the heavyweight throne, has decided to forego a defense of his title this year because of the lack of any suitable opponents.

The Bomber flew into town yesterday, huddled briefly with his manager, Marshall Miles and the 20th Century sporting club's Sol Strauss, and then announced the cancellation of a tentatively scheduled Sept. 19 bout in Yankee Stadium.

### Two Exhibitions Planned

He consented, however, to engage in two ten-round, non-title bouts in Madison Square Garden in November and March. The winner of the November bout will be the challenger.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY-FIVE YEARS AGO

**Camping at Dam:** E. E. Slaybaugh, Springs avenue, on Wednesday took a party of Gettysburg boys on a camping trip to the dam at Knoxlyn Mills, where they will remain a week. Those in the party are Jerry Ziegler, Raymond Shelly, Albert Geyer, Clark and Frederick Frame, Elmer Slaybaugh, Jr., and John Dickson.

**Pastor Resigns at Local Church:** After thirteen years of service as pastor of St. James Lutheran church, Rev. Dr. Joseph B. Baker, Sunday, tendered his resignation to the church council which held a short session following the morning worship. The resignation, which becomes effective August 15, was accepted by the councilmen with regret. The Rev. Mr. Baker has accepted a call from Zion Lutheran church at Indiana, this state.

**Double Wedding Event Observed:** Double weddings occur frequently, but rarely do the contracting parties celebrate the anniversary of the event together thirty-two years afterward. This, however, was the case on Saturday when Mr. and Mrs. John W. Bollinger and Mr. and Mrs. John E. McDonnell, with their families, observed the anniversary of their double ceremony 32 years ago. The celebration took the form of a picnic at the Masonic camping grounds, along the Monocacy river. Twenty-seven of the 31 members of both families were present.

July 17, thirty-two years ago, John W. Bollinger married Miss Lillie Keefer and Miss Mary Richter became the bride of John E. McDonnell. They were united in marriage in the Mt. Joy church parsonage by the Rev. Howard Heilman, pastor.

**Rain Did Not Mar Event:** A gentle benediction of Jupiter Pluvius did not dampen the spirits of 165 spectators and 15 participants at the entertainment given on the lawn of St. James parsonage Friday evening by the Gettysburg Council of Camp Fire Girls. . . . After the entertainment cake and ice cream were sold.

Those who took part in the program were: Clara Baker, Gisela and Hermine Grimm, Edith Claire, Mary Jane Snyder, Dorothy Baker, Betty Young, Elizabeth Hetrick, Tula Hagen, Anna Grimm, Catherine and Margaret Beales, Hildegarde Hagen, Janet Ott and Virginia Storrick.

**Swimming Pool To Be Ready Soon:** Excavation work on a swimming pool in course of construction at the Gettysburg Playground, is progressing rapidly and will be completed by the latter part of next week, according to those in charge. When the contractor has finished removing the ground and has placed the proper slope on the bottom of the pool, water from four springs will be turned on, making it ready for bathers. . . .

Daniel C. Shealer is in charge of the excavation of the pool. The cost of the digging of the pool is estimated at \$350.

**Business Picks Up in Gettysburg:** That reports from all parts of the United States concerning the definite improvement of business conditions generally, are not exaggerated, is shown by the better tone taken within the past month or two of industries in Gettysburg. The strike of the railroad shompen and the controversy over wages in the bituminous and anthracite coal fields, are the only menacing clouds hanging over American industries today, and as yet, have had no ill effects on local manufacturing establishments.

**Farm Brought \$4,000:** The farm of E. A. Crouse, located in Menallen township and containing 110 acres, was sold on Saturday afternoon to W. S. Adams, Gardner. The price was \$4,000.

**Breaks Arm in Play:** The first serious accident at the Gettysburg Playground this summer occurred Wednesday evening when nine-year-old Raymond Kerrigan, son of Mr. and Mrs. James Kerrigan, of South

## Today's Talk

### RENEWALS

No matter how we may feel about our increasing age, we should ever be conscious of the eternal principle of renewals that are ever about us. Nature replaces. Let the fire sweep a great acreage and the future years will find a newness of soil there, from which may spring a number of natural growths.

There was a bush in my yard that did not bloom satisfactorily—so I cut it down—but left a portion of the stump. Today that bush has sent re-enforcements and shot limbs nearly as high as the old ones—and these with many a flowered stem, rich in new beauty.

Even the tree stump in the forest does not long remain undecorated. Moss will form about it and gradually creep over it, until it is given a coat of green—the emerald of the forest. Each season has its celebrations. Each day its high spots and low spots. After the long spell of dryness and drought, the rains finally come to change all and to renew both the earth and man's faith in God. We sleep that we may be renewed for the morrow's toil and its problems.

We take our vacations, travel, and make fresh contracts with people, cities, and nations, that we may renew our spirit, stir our imagination, and be the greater convinced of the eternal principle. Life is a series of renewals, in which we may well play an important part, and inspire others to do the same.

In the mere reading of a book, that once gave pleasure, there is renewal, for our ideas and viewpoints keep forever changing, and every re-reading of a good book is like being introduced to it anew. I have proved this to be a fact, time and again.

The human body goes through a daily renewal—in fact, it is said that it renews itself every seven years, though I have no authority to back such a statement. At any rate, it does renew itself every day of our lives. We can actually make ourselves over—if we will but will to do so! It is about time that the world should renew its belief in God, and in things of the spirit, if it would "long survive."

Tomorrow Mr. Adams will talk on the subject "Frankness and Sincerity"

**Keeping up with Mr. Jones**  
And the larger car he owns  
And the jewels on his wife,  
Is one way to shorten life.  
This, we're told, is nonsense purely.  
Stomach ulcers follow surely.

Did your mother bring you up  
On a simple meal to sup,  
And you now want fancy cakes?  
That is why your stomach aches.  
If you think the old fare dull, sir,  
You are straining for an ulcer.

Do you owe too many bills?  
That is why you're taking pills.  
Getting up with Jones to stand  
Puts men on a diet bland.  
Spending more than you are earning  
Starts the duodenum burning.

Wise psychiatrists explain  
Social climbing ends in pain.  
If it's fancy foods you like,  
The pylorus goes on strike.  
It's the ceaseless, social slaving  
That starts stomachs misbehaving.

## FOLLOW-UP CARE IN PA. SCHOOLS IS BEING PUSHED

Harrisburg, July 16 (AP)—Key commonwealth agencies went to work today on the development of a follow-up care program in connection with the state's \$7,000,000 school health examination plan.

Authorized by the 1947 Legislature to lay down policies designed to insure voluntary remedial care for defects uncovered by medical and dental examinations of pupils, representatives of the state Department of Health, Public Instruction and Public Assistance initiated studies of the new plan.

"The whole program is in the experimental stage just as the health examinations were two years ago," explained one official participating in the discussions. "A lot of important problems have to be settled before any rules can be agreed on."

### Half Million for Remedial Care

The new law requiring school districts to employ trained nurses for every 1,500 pupils and authorizing county assistance boards to aid in financing remedial medical or dental care was adopted by the Legislature at the request of Gov. James H. Duff.

Recommending a \$3,000,000 increase in the appropriation for school health examinations, the Governor also told the lawmakers that unless defects that are found are corrected the money spent on examinations "is largely wasted." He suggested "follow-up visits to the homes" by nurses to insure corrections.

In addition, the Department of Public Assistance is authorized to spend up to \$500,000 in the next two years for medical or remedial care under standards approved by the state Board of Public Assistance when parents declare they are financially unable to pay for it.

Initial discussions of administrators of the new program concerned a definition of the financial status of parents eligible for state aid, the scope of the remedial care to be provided and the establishment of a fee schedule for members of the healing arts professions participating.

Meanwhile, the state Health department reported that 137,000 of the 268,000 pupils examined in 1,890 fourth class school districts in the term ended in June had defects needing further medical care. Of these, 38,000 had defective vision, 45,000 nose and throat ailments, 9,900 defective hearts and 2,800 abdominal defects.

Reports from first, second and third class districts, due this month and August, so far have not been tabulated.

In 1946, 518,000 school children

## Steel Shortage Stops GM Work

Detroit, July 15 (AP)—General Motors corporation will take a week off from manufacturing passenger cars, starting Monday, because of the steel industry's "disturbed conditions."

GM, which makes roughly half of the nation's automobiles, said its steel supplies were too short to permit full-time operations. It blamed the "coal-mining situation" of early July.

Ultimately 180,000 workers will be laid off from the corporation's assembly lines, a GM spokesman said. The corporation, which employs a total of 265,000 production workers recently reached a weekly output of 30,000 cars.

There were no immediate indications, however, that other major manufacturers of motorcars would follow suit.

## Legislators Await First Expense Checks

Harrisburg, July 16 (AP)—Members of the state Legislature awaited action today by the Auditor General's department on a requisition for \$123,000 that will be used to pay expenses and clerk hire for the biennium.

The new law, authorizing the members of the House and Senate to collect this money, was passed in the closing days of the 1947 session.

Under terms of the bill each member gets \$800 as payment for the first half of 1947. The money is to be used for expenses, such as clerk hire and cost of all trips. The money is in addition to the \$3,000 salary already paid to the members for the 1947 session.

## MARTIN TALKS TO STATE VFW

Harrisburg, July 16 (AP)—With a plea for universal military training still ringing in their ears more than 3,000 delegates, here for the annual convention of the Veterans of Foreign Wars, settled down today to the first serious business of the gathering.

The plea for universal military training was made last night at a pre-convention banquet by U. S. Sen. Edward Martin, former governor of Pennsylvania and himself a veteran of three foreign wars.

Martin called upon the delegates, representing 200,000 VFW members in 800 posts throughout Pennsylvania, to "go out and preach the need" for compulsory training.

"I know," said Martin, "that properly trained manpower is the best defense this country can have—today—tomorrow—or at any time in the future."

The veterans held their first for-

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. ## Fairfield Lions Will Bolster Welfare Fund With Carnival, July 21-26

Money raised by the Fairfield Lions club at the old fashioned carnival it plans to hold there July 21 through 26 will all be spent to aid children in the Fairfield section, officers of the club announced today.

The parents of one of the youngsters whom the club has already aided added their approbation to the proposed program. Both Mr. and Mrs. Murray Stultz, near Fairfield, praised the club for its services in connection with their daughter, Dorothy, who recently returned from the Wills hospital in Philadelphia.

Dorothy has suffered from an eye disorder for some time and the case came to the attention of the Lions club. Burgess H. L. Harbaugh, who has handled such activities for the Lions, made arrangements for the young girl to go to the Wills hospital for examination and an operation. The operation was completed recently and the child's eyes are now "A-1 shape" the parents report.

**Need More Funds**

Robert C. Kleppinger, president of the club, said today that similar aid for children in the section is planned, but that additional funds are needed to do all of the work. The income from the carnival will go towards the Child welfare fund of the organization from which money is taken to provide payment for doctors, hospital care and the like.

James B. Baker, secretary of the club, pointed out that the Lions as a club cannot have any money, but must spend all it takes in for projects such as child welfare.

Charles Turner is general chairman for the carnival, Kleppinger and Baker jointly announced today. Kenneth Sites is in charge of games; Donald Neely heads the bingo committee, Millard Stoner is the Lions chairman for refreshments and has

secured the aid of Sherman Sites, fire company refreshments chairman, in arranging for the food to be served.

**Ferris Wheel And Midway**

The Ladies Auxiliary of the fire company will prepare and serve the "eats" at the carnival.

Arrangements have been completed with the Pergoy Enterprises of Baltimore to provide a Ferris wheel, aeroplane rides, pony rides, a midway and similar amusements of a carnival for the affair.

Other officers of the Fairfield Lions aiding in arrangements for the affair are Stewart Sites, treasurer; Robert Gilbert, tail twister, and Kenneth Sites, Lion tamer.

### 'Fresh Air' Girl Prefers The Lawn

James B. Baker, of the Fairfield Shoe company, is confessing that while he expected the "fresh air" youngster who is the Baker family's guest for two weeks to be startled by many things she saw in the country, he was unprepared for her reaction.

The youngster, Baker reports, likes most to go out and sit on the grass in the Baker lawn. "I never had a chance to sit on grass in Brooklyn," she told the Bakers when they queried her choice of a restful place to sit.

In spite of higher feed costs and unfavorable weather, consumers will get more pork chops from Pennsylvania farms next fall and winter than they did this past year, the state Department of Agriculture said today in announcing results of the annual spring pig crop survey.

## SAY FARM DAY 'SHORTER' NOW

Compared with wartime conditions, farmers of Pennsylvania and their hired hands are easing up somewhat in the number of hours they work each day, the state Department of Agriculture reports from a recent federal-state survey of the current farm labor situation.

As of June 1, Pennsylvania farm operators were putting in an average of 12.4 hours per day. On the same date in 1945, last year of the war, they averaged a full 13 hours per day, the survey revealed. A year ago they worked 12.7 hours, showing a gradual decline since the peak of effort in the production of food for

war, observers pointed out.

Hired workers on Pennsylvania farms on June 1 were averaging 10 hours at work each day compared with 10.2 hours a year earlier and 10.5 hours on the same date in 1945.

The number of hired and family workers on farms on the State the first of the month was estimated to be about the same as a year ago, the total being held down by unfavorable weather conditions. With small grain harvests coming in the next few weeks it is anticipated that the demand for farm workers will be increased substantially, the Department said.

## FIRE COMPANY NETS \$2,513

The Fairfield Community fire company made a net profit of \$2,513.49 on its festival held over the Fourth of July, Paul Myers, chairman of the committee in charge, announced today in expressing the thanks of the committee and company to all those who donated to the affair and those who attended.

Gross income from the affair was \$4,072.51, slightly less than last year's income. However the net amount, Myers said, was higher than previous years.

This year's fair was marked by an

increased number of cash donations, Myers said.

Income from the festival went toward the building fund being used to pay off the debt assumed by the company in purchasing the Fairfield community hall. Flooring has already been laid for an addition to the community building which will be used for the fire engines and other equipment of the company. The annex will be completed by the end of this summer, according to present plans, company officials said.

Joseph Carbaugh, Arendtsville; Ryland Garretson, Bendersville, and County Farm Agent M. T. Hartman are among the countians attending the Berks County Fruit Growers field day being held today at Leesport.

## ARENDSVILLE FESTIVAL WILL PROVIDE FUNDS FOR NEW TRUCK

Arendtsville's fire company, seeking to raise funds towards the purchase of a new fire truck, is hoping for the largest turnout in years when it holds its annual festival Saturday night at the Arendtsville Union park.

"Because most people in this section realize the need for a new fire engine for the company we believe that Saturday's affair should be one of the best attended we have ever had—provided we have good weather," Clyde Allison, general chairman of the festival, said today.

Members of the company have previously pointed out that the present fire engine owned by the company is too slow to properly cover the large distances within the area served by the fire company which provides fire protection for a radius of ten miles from Arendtsville in some directions.

**To Serve Suppers**

A committee comprised of Lloyd Garretson, Otho Carey, Harry Wert, Cameron Thomas and Paul Beamer is selecting the new engine and the company hopes to obtain one of the most modern and best equipped fire trucks available.

The Skyline Boys, a musical organization from Chambersburg, will provide the entertainment for Saturday's affair.

E. D. Bushman, in charge of refreshments, has announced that the company plans to start serving food at 6 o'clock Saturday evening so that families planning to attend may arrive at the park early for supper and spend the evening there. Hot chicken sandwiches, chicken soup, hot roast beef sandwiches and the like are on the menu, Bushman said.

Other committee chairmen selected for the affair include Clifford Hartzell, soliciting; Walter Frederick, preparations; Harvey Raffensperger, dishwashing; Arnold Orner, waitresses; Myles Deardorff, advertising; Alton Wierman, games; Myles Trimmer, parking; L. E. Myers, cashier.

## EXPECT STEADY CHICK MARKET

An unexpected demand for baby chicks of the heavier breeds of chickens to be grown for the broiler trade came to Pennsylvania hatcheries during the month of May, resulting in an increase of production over May of last year, the state Department of Agriculture has announced.

The demand was such that some orders could not be filled, according to federal-state surveys. Larger orders were also received by hatcheries for Leghorn pullet chicks to be grown as layers.

With the increase in broiler prices and the advance in the cost of red meats, the market for chicks is expected to continue steady despite the relatively high cost of feeds, the survey disclosed. The chick output of Pennsylvania hatcheries the first five months of this year was 4 per cent lower than for the same period last year, and of turkey poults, 10 per cent lower.

Total chick production in the state for the month of May was 8,900,000 or eight per cent higher than for May 1946. Average production during the war years (1941 to 1945 inclusive) was 10,262,000 for the month of May. The department reported a total of 47,340,000 chicks hatched in the state between January 1 and May 30 of this year compared with 49,140,000 for the same period in 1946.

**GRAIN SHORTAGE**

While their cows produced the second highest amount of milk ever known for any month of May, farmers of Pennsylvania are fearful of an anticipated "shortage of home grown grains" because "frequent rains have seriously delayed planting of oats and corn," State Secretary of Agriculture Miles Horst said today.

## BEETLE GRUBS BEING FOUGHT

Continuing its long-time fight against the pesky Japanese beetle, the state Department of Agriculture now has a crew of workers spreading death by disease to the beetle grubs before they can emerge from the ground and begin wholesale destruction of trees and plants.

Distribution of approximately 500 pounds of what is known as "milky disease," a germ that harms nothing but Jap beetle grubs, is being made mostly in Dauphin and Cumberland counties, present area of heaviest infestation. Golf courses, parks, cemeteries and school grounds are to be treated.

Such open spaces have heavy grass sod, favored breeding places for the beetles, explained Dr. Thomas L. Guyton, director of the State Bureau of Plant Industry. "Spot" treatment of soils in parts of Lebanon and probably Berks counties will be made also. With this year's applications, practically all golf courses south and east of Harrisburg will have been spot treated.

"While it is doubtful that we shall ever be entirely free of the Japanese beetle in Pennsylvania," Dr. Guyton declared, "there is plenty of evidence to show that the use of wasp parasites and milky disease is very effective in destruction of the insect."

It takes about five years for the beetle to build up to its greatest infestation within a given area. The infestation then starts to diminish. While he does not claim that parasites and milky disease are completely responsible, experience shows that within four years after the disease has been placed in the soil, destruction of grubs has been as high as 95 per cent.

## Aspers Firemen Report On Fair

The thanks of the fire company to both the members of the company and the auxiliary who served on committees for the affair and to the persons who attended the 12th anniversary and festival of the Aspers fire company were expressed Tuesday evening at a meeting of the company held at the Aspers fire hall.

Reports at the session disclosed that \$3,088 was received by the company from the anniversary festival. The net amount cleared from the affair was not revealed with most bills not as yet received.

President Robert Eisenhart said: "The company is grateful to those who worked so hard to make the affair a success and to the persons who attended the festival. The amount secured by the affair was very large considering the fact that rain almost completely washed out two nights of the festival. Despite the fact that the regular three nights brought more than enough work for all those who took part in the serving and arranging end, everyone seemed more than glad to turn out an extra night and help put the affair over on Monday night when an extra night's entertainment was added to make up for the rained out occasions."

July meeting Thursday evening at 8:30 o'clock at the Bendersville fire hall, President Charles Gulden announced today. The organization now has a total of 288 members.

## FARM SAFETY IS SERMON THEME

Increasing importance of safety measures on the farm and in the farm homes today prompted State Secretary of Agriculture Miles Horst to urge rural pastors to make "safety" the theme of sermons to be delivered on Sunday, July 20, the opening of Pennsylvania observance of National Farm Safety Week.

Churches and their organizations can contribute much to the saving of lives from farm accidents, Secretary Horst declared. Sermons, Sunday school talks, and discussion of experiences with accidents and accident hazards can feature the initial day of Farm Safety Week, he added.

Farm Safety Week was started only a few years ago as an aid toward making all farm people "safety

conscious," the Secretary continued. He has found that an effective approach has been through safety talks, discussions and demonstrations arranged as special programs at regular meetings of Granges, co-operatives, farm women's clubs and various other types of farm organizations. Similar activities can be arranged by church organizations for mid-week presentation during Farm Safety Week and should be most helpful in pointing out the causes and prevention of accidents, he added.

Choice Herefords  
Sell For \$30 Per Cwt.

Lancaster, Pa., July 16 (AP)—A new all-time mark was set at the Lancaster stockyards Tuesday when 24 head of choice Hereford cattle was sold for \$30 a hundred pounds.

The cattle arrived here from a western pool on October 26, 1946, and was fed by John Blessing of Hallam, York county. Brought to the Union stockyards today, the cattle had increased their weight from an average of 775 to 1,350 pounds.

The Cross brothers of Philadelphia, who purchased the cattle, paid approximately \$405 a head.

A veteran local observer reported that on translating the cattle into beefsteaks, it "seems they'll average well over a dollar a pound in the butcher shop."

Late Blight Has Made Appearance

State College, Pa., July 16 (AP)—Late blight, a fungus disease is threatening Pennsylvania's tomato crop, Dr. R. S. Kirby, extension plant pathologist at the Pennsylvania State college, reported today.

The blight, found only recently on Pennsylvania potatoes, has since spread to tomatoes as happened last year when it caused extensive losses.

Dr. Kirby stated, adding that a further spread of the disease will be dependent upon the weather.

Disclosing that losses to tomato growers in 1946 from late blight ranged up to 100 per cent, Dr. Kirby urged growers to initiate the use of copper sprays to check the disease.

The entire backbone of the island of Java is volcanic.

## Dear Susan Brown

## Chapter 18

Susan took her own time about dressing. It had suddenly dawned on her that the last thing in the world she wanted to do was to face Steve Gellis. She tried to remember just what she had done the night before to justify Mrs. Tremont's strange comments, but could recall nothing. Couldn't a girl have fun just once in a lifetime without having her motives misconstrued?

"Security—indeed!" she murmured. "What do I care about a little thing like that? I was just having fun. And Steve was just having fun too."

She winced at that last thought. She much preferred to believe that Steve Gellis was falling in love with her, just as Mrs. Tremont had said. But that, of course, was absurd.

What chance did she, plain Susan Brown, have against the Linda Murchisons of the world?

Upon thinking it over, Susan decided that she had no reason to feel greatly annoyed at Mrs. Tremont. No doubt, according to her way of thinking, security was the most important thing in the world, and it was only logical that a girl in Susan's position should look to the future in affairs of the heart. But the whole thing was a little sickening to Susan.

"Oh, darn!" she fumed, as she fastened a blue ribbon band around her bright curls and saw that her hands were shaking. "Even if he did fall in love with me—which is utterly ridiculous, of course—I'd never, never let him know I cared. I wouldn't marry him if he were the last man on earth."

She hurried downstairs, firmly resolved to perform her duties as hostess and leave romance alone. She would figure out something for these phlegmatic guests to do, even if she had to suggest such childish games as Post Office or Spin-the-plate. Checkers, she decided, might be the ideal solution. Checkers, in fact was a fine game for people who insisted upon being entertained while they did nothing but sit.

She would pay as little attention to Steve Gellis as possible. She would be cool and aloof and icily polite. She would behave as though last night had never occurred, or as if she were accustomed to brash young men who made passes for sheer force of habit.

As she came down the broad stairway, she heard Steve Gellis at the telephone. He was in the music room, talking over one of the many extensions which the big house afforded. She could not help overhearing the last part of the conversation, just before he hung up the receiver.

"Yes—yes, of course, I'd like to see you. Do as you like. But I'm warning you it's dull. There's nothing I'd like better than to chuck the whole thing and come into town. Goodbye, now."

He was frowning when he came out into the hall and saw Susan coming down the stairs. His face lit up briefly, but her expression was not one to inspire lightheartedness, so a moment later he was frowning again. And he was saying in his best employer-meets-employee voice:

"Good morning Susan. When you've had breakfast, perhaps you'd better see what you can do about entertaining your guests. This rain has fouled up all of my plans."

"My guests?" flared Susan. "Well, I like that, I must say."

His lips parted in a grin. It was

a peculiarly boyish grin, and so was the gesture as he ran a hand through his crisp dark hair.

"If I remember correctly," she said without smiling, "you brought them here."

"Yes. So I did," he acknowledged. "But I give up." He shook his head in despair. "I've done everything that's humanly possible to show them a good time, but it's no use. They don't want a good time. They just want to sit and enjoy their misery."

"I'll see what I can do," she promised. "It's too bad it rained. I've an idea they would have enjoyed that long drive and the picnic. I'll hurry through breakfast and start them playing games, or something."

"Thanks, Susan. About all we can hope to do on a day like this is to keep them from cutting one another's throats. However, we must be nice to them. These middle-class people are our biggest source of circulation."

This remark, together with the chip which she was already carrying on her shoulder, was too much for Susan.

"They're very fine people, Mr. Gellis," she announced in a sudden burst of loyalty. "And I'm sure they appreciate everything you've done as their host. It isn't their fault if they're—well, a little shy and underprivileged."

Steve's eyebrows lifted in surprise, but he grinned and said, "Okay, Susie. Have it your way. But you can tell your good friend Mrs. Mansfield that I'm not reading her life story."

"Don't tell me she's finished it already? Why, she only started it yesterday when the others went horse-back riding."

Steve shook his head. "That's what she said. What she was probably doing was adding the finishing touches." He smiled wryly. "You tell her, Susie. I'm not reading the thing."

Susan escaped to the breakfast room where Mrs. Elton served her a cup of lukewarm coffee and toast. She did not tarry long, however, for she could hear Mr. Elton, in the kitchen beyond, proclaiming his skill as a weather prophet. Any minute now he would come into the breakfast room to inform Susan that rain starting in August would surely last the entire summer. She felt that she wouldn't be able to bear that.

She drank her coffee hastily and hurried into the living room.

A murmur of voices told her that some of the guests had already assembled there. She listened a moment and was grateful to note that J. Howard Cranston's booming voice was not among them. Of course it was too much to hope that residents of Lincoln, Nebraska, slept straight through rainy days, but she did hope that obnoxious man would sleep late.

She was in no mood to face his brash jokes and his sly innuendoes regarding the story she had told him the previous evening.

## ATOM BOMB PLANT WILL BE PERMANENT

United States is putting its atom bomb factory on a permanent basis.

This grim footnote to the long and thus far fruitless effort to set up world controls over nuclear energy came to light today in an Atomic Energy Commission announcement of plans to "permanently" and effectively modernize the war-built town of Los Alamos, N. M.

The first A-bomb was made there and tested at Alamogordo, N. M., two years ago today.

The commission announcement said that Carroll L. Tyler, retired navy captain and ordinance expert, will be in charge of the Los Alamos laboratory, "where a multi-million dollar improvement program is under way." Tyler succeeds Col. Herbert C. Gee, army engineer who has been on loan to the commission since it took over the army's Manhattan project at the start of this year.

## ZALE FAVORED TO BEAT ROCKY IN SIX ROUNDS

By CHARLES DUNKLEY

Chicago, July 16 (AP)—Tony Zale, world's middleweight champion, and Challenger Rocky Graziano, two of the greatest offensive fighters in the past 10 years, battle tonight before upwards of 20,000 spectators who will contribute to a record all-time indoor gate of around \$450,000.

The contest in the Chicago stadium is scheduled for 15 rounds or less—undoubtedly less, considering the punching prowess of both. No one, including Zale and Graziano, believes it will go the limit. The consensus of experts is that Zale will triumph within six rounds. Zale at the age of 33 defends his title for the second time against the challenge of Graziano, 25. This will be an encore of the knockdown-and-count Rocky-out thriller fought in New York last September in which Zale dragged himself off the canvas to win by a knockout in six savage rounds.

**Zale Is Favorite**  
This rematch was scheduled for New York last spring, but the New York Athletic commission revoked Graziano's license for failure to report an unsuccessful attempt by gamblers to bribe him with the result that the bout was switched to Chicago.

Zale remained a steadfast 7 to 5 betting favorite. Always in excellent condition, Zale says he has trained to perfection and feels stronger now than he did before their first meeting. Zale is a tireless ringman and possesses the stamina to get off the canvas as he has demonstrated in previous battles and go on to win.

Graziano has trained harder and longer for tonight's battle than he ever did before. He considers his condition perfect and he expresses

## Must Give Names Of Injured Gridders

Philadelphia, July 16 (AP)—National Football league teams must make public a day before each game the names of players who may not participate because of injuries, says NFL Commissioner Bert Bell.

"It will protect the public against rumors by making the information available," Bell said yesterday. "I believe the fans are entitled to know if a star is not going to play or why he might be taken out of the game."

Bell said information usually was made available to gamblers through their agents, making it possible for them to manipulate betting odds.

confidence of victory. This, however, could be his last major ring engagement since defeat by Zale would practically shove him out of the middleweight picture.

## Graziano, Zale Equally Confident

Chicago, July 16 (AP)—Here are the pre-battle statements for tonight's middleweight championship bout: Champion Tony Zale: "The way I feel, I'll whip Graziano within six rounds. I'm stronger than in our last fight, when I knocked him out in six. Remember, I was fighting after only two months recuperation from pneumonia that time, and I fought the last four rounds with a broken right hand."

Challenger Rocky Graziano: "Tony is crazy. I'll knock him out in any round he falls. And it won't last more than one or two. It can't go more than a few rounds—and I'll be the champ when it's over."
